**TABLET FOR BEVERAGE TOWER DRIP TRAY & FLOOR DRAINS**

MICRO-TAB “FBG” is an innovative blended formulation of naturally-occurring microbes and essential plant oils designed for the degradation of organic solids, odor control, and effective against unwanted guests in your drains.

MICRO\_TAB “FBG” is for use in Restaurant & Hotel beverage tower drip trays and floor drains where organic matter may accumulate causing odor and pest problems.

- Specialized microbes rapidly digest odor causing organic matter and the plant oils emit a fragrance not pleasing to drain pests.
- Safe and Effective.
- Biodegradable.
- Safe on plumbing and septic systems.
- Non-Toxic.

Suggested Dosage and Application

1) Beverage Tower Drip Tray - Apply one tablet every 8-10 inches under drip tray screen.

2) Floor Drains- Place 4-6 tablets on top of drain screen in the flow of water to keep drains clean.
